Art Unit: 3662

1. The following changes to the drawings have been approved by the examiner:

Figure 4 **must** be amended to illustrate the claim 34 "voice communications system" per 37 CFR 1.83(a). **In order to avoid abandonment of the application, applicant must make these drawing changes.**

A telephone call was made to Mr. Edward C. Kwok on 21 July 2005 to inform Applicant of the need for the above-named drawing correction, but Mr. Kwok was not available to take the call. The Examiner left a voice mail message for Mr. Kwok describing the change, and stating that the required change would be described in this attachment to the Notice of Allowability. Correction is hereby required.

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

On page 1 of the Specification, under the heading "Claim of Priority," after "October 4, 2001," insert –now U.S. Patent 6,636,178,--

"previously incorporated," insert –filed September 1, 1998, now U.S. Patent
6,044,105,--.

3. Since the changes made in the Examiner's Amendment above are merely
editorial in nature, to prepare the application for printing as a patent, no authorization
was sought from Applicant.

4. The following is an examiner's statement of reasons for allowance:

None of the prior art of record either taken alone or taken in any possible
combination would anticipate or would tend to render obvious Applicant's claimed
apparatus as set forth in independent claim 10 that is particularly characterized at
least by the claimed "Global Positioning System (GPS) receiver" (lines 2-3) and

the claimed “at least one signal processor ...” (lines 3-10) taken together and taken in the overall context of independent claim 10.

Dependent claims 11-18 are allowable for at least the reasons for which claim 10 is allowable.

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicant's claimed apparatus as set forth in independent claim 19 that is particularly characterized at least by the claimed “means for controlling ...”; “means for performing correlation analyses ...”; “means for generating cumulative correlation data ...”; and “means for maintaining at least one parameter ...” taken together and taken in the overall context of independent claim 19.

Dependent claims 20-23 are allowable for at least the reasons for which claim 19 is allowable.

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicant's claimed method as set forth in independent claim 24 that is particularly characterized at least by the claimed method steps of “controlling at least one of receipt and processing ...”; “performing correlation analyses ...”; “generating cumulative correlation data ...”; and “maintaining at least one parameter ...” taken together and taken in the overall context of independent claim 24.

Dependent claims 25-33 are allowable for at least the reasons for which claim 24 is allowable.

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicant's claimed apparatus as set forth in independent claim 34 that is particularly characterized at least by the claimed "Global Positioning System (GPS) receiver ..." (line 3) and the claimed "at least one signal processing system ..." (lines 4-12) taken together and taken in the overall context of independent claim 34.

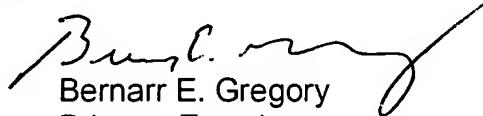

None of the prior art of record either taken alone or taken in any possible combination would anticipate or would tend to render obvious Applicant's claimed computer program product as set forth in independent claim 35 that is particularly characterized at least by the claimed computer-implemented method steps of "controlling at least one of receipt and processing ..."; "performing correlation analyses ..."; "generating cumulative correlation data ..."; and "maintaining at least one parameter ..." taken together and taken in the overall context of independent claim 35.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
